

AZ-AHJS27

AHD PTZ Keyboard Controller

Key Features

- RS485 & RS422 interface
- Support PELCO D/P Protocols automatically
- Each keyboard can control 64 domes
- Human-oriented designing, easy for operation
- LCD with back-light can display command menu, protocol, current camera ID, output display ID and joystick status.
- Three axis joystick can control speed of pan/ tilt and zoom in/out
- Multi Baud rate supported:2400/4800/9600/19200
- Low consumption, less than 3W

Technical Specification

AZ-AHJS27	
COMMUNICATION	
Type of Connection	RJ45
Type of Interface	RS485,RS422
Baud Rate	2400/4800/9600/19200 bps
Transmitting Distance	1200m(0.5mm twisted pair cable)
POWER	
Power supply	9V-12V AC/DC
Power consumption	3w
ENVIRONMENT	
Operating Temperature	0~50°C
Humidity	0-95%(Non-condensation)
Weight	1Kg
